Carrie no solamente acepta la ideología fascista de Cesar, sino los dos participan en actividades Neo-Nazi: entre asistir manifestaciones racistas antes del 12 de Agosto 2017 en Charlottesville y chatear con amigos Neo-Nazi en el internet. Más encima, Carrie se burla de sus clientes de Tarot en su página de Facebook. Le presentamos a Cesar Armando Arvelo Santo, residente de Asheville y

miembro del grupo Neo-Nazi **Traditionalist Workers Party** (TWP). Desde hace varios años, Cesar Arvelo Santos es activo en grupos Nacionalsocialistas y pro-Supremacía Blanca, incluso grupos Ku Klux Klan, todas las organizaciones afiliadas con **Nationalist Front** (NF), y el ya disuelto Traditionalist Workers Party (TWP). Desde hace unos años Cesar está viviendo en Asheville, pero debido a varios alias y mantener un bajo perfil, ha evitado atención. Ultimamente, Cesar fue el “coordinador de la logística” para “**Unite the Right**,” una manifestación racista en Charlottesville, VA en Agosto 2017. Cesar también fue Region 2 Commander de Traditionalist Workers Party (TWP), lo cuál quiere decir que él supervisaba a la membresía de **TWP** a lo largo de varios estados en el sur.

Cesar tuvo un papel importante en coordinar y comandar lo que pasó en Charlottesville el 12 de Agosto 2017, día que terminó con la muerte de Heather Heyer, una manifestante anti-racista, asesinada por uno de los manifestantes fascistas a quienes acompañaba Cesar. Según Matt Parrot, uno de los líderes de TWP, "Cesar Hess, un veterano que es uno de nuestros Coordinadores Regionales, trabajaba con The League of the South, National Socialist Movement, y otros grupos de Nationalist Front para dos líneas defensivas de escudos." Se puede ver a Cesar en varios videos y fotos

del día, donde él está apuntando y dirigiendo a esas líneas de escudos. Otro fascista de North Carolina, **Christopher Pack**, participaba en una de esas líneas. **La demanda legal** que resultó de la violencia fascista en Charlottesville nombró a Cesar, bajo el seudónimo “Cesar Hess.”

Él se mudó de Colorado Springs a North Carolina, y desde entonces vivió en West Asheville hasta que se mudó a South Asheville con su novia Carrie Lynn Pierce, más sus dos hijos de otra relación. Actualmente, trabaja para Champion Systems Inc., instalando y arreglando sistemas audio-visuales y otros sistemas eléctricos en nuestra área. A través de su trabajo, Cesar ha logrado infiltrar la comunidad local de la clase obrera en sitios de construcción y específicamente enfoca en la comunidad latina.

Cesar es muy fanático de los podcasts y estuvo muy feliz de ser invitado al programa “The Right Voice Podcast,” episodio 98, el 21 de Marzo, 2018. Aparece en minuto 32 del episodio. En el episodio, Cesar habla de haber leído Mein Kampf por Adolf Hitler en la secundaria, y describe como, a los 12-13 años de edad, su familia mudó de Venezuela a Nueva York. Cesar describe esta mudanza como su “última pastilla roja,” diciendo que fue la primera vez que él había visto “tantos negros” y que “jamás en mi vida había visto tantos judíos.” En las siguientes dos horas, Cesar habla muchas porquerías asquerosas, entre alentando los asesinatos de inmigrantes negros a hablando de quemar sinagogas, describiendo a los Mexicanos como violadores, y describe con orgullo como engaña a obrero inmigrantes en hacer el saludo Nazi (Sieg Heil). Es difícil escuchar ese episodio. El presentador y Cesar poco a poco se emborrachan, perdiendo sus inhibiciones y auto-respeto. La conversación es tan estúpida como te imaginarías, pero al final puedes entender que Cesar tiene una ideología violenta y peligrosa.

The Right Voice: Episode XCVIII (98) 3/21/18

Chris & Marie discuss current events, announce new words/phrases of the week, get into politics a bit, have a few laughs. **Special guest is Cesar Adolfo** Veteran and race realist, explains his interesting upbringing and awakening. A very interesting discussion!

Cesar pasa más o menos dos horas hablando porquerías racistas en un programa Nazi, The Right Voice Podcast. Con intención, no dejamos aquí el enlace a ese episodio, para no difundir sus ideas de odio.

Cesar es un Nazi particularmente asqueroso. Sabe hablar en formas distintas, dependiendo de con quién habla. Por ejemplo, él a mencionado que enfatiza sus orígenes latinos para manipular a gente de color a hacer cosas que nunca harían en circunstancias normales. Con un acento Venezolano y su piel moreno, no es solamente confuso por qué él difunde ideas de la supremacía blanca, pero más encima se confunde por qué lo permiten en espacios de la supremacía blanca—pero no es completamente único, **hemos visto personas de color colaborando con neo-Nazis antes**. Parece que Cesar se ha metido en esos espacios como una “excepción de la regla.” No tiene importancia que tan confusa, hipócrita, o estúpida aparece la ideología de Cesar. Lo que sí tiene importancia es que el racismo es una idea. Se puede crear las ideas de la nada y perpetuar y compartirlas. En ese sentido, Cesar no es una excepción.

Carrie, is not just complacent with Cesar's fascist ideology, they actively participate in it. From attending pre August 12th Charlottesville rallies held by white supremacists to chatting it up with his douch-

Cesar Seig Heiling with other nazi boneheads. Note Cesar totally multi-tasking holding a piss beer and his vape while being a bigot. Fuck your clouds bro.

Cesar with nutter Christopher “crybaby” Cantwell, notice his forearm tattoos and exact same eyeglasses as pictured above.

Cesar played a major role in coordinating and commanding the August 12th rally last year that though ending up as a resounding loss for the fascists and racists, also claimed the life of anti-racist protester Heather Heyer. According to Matt Parrott’s own account of the August 12th rally, “Cesar Hess, a Regional Coordinator of ours who’s an experienced combat veteran, worked with the League, NSM, and other Nationalist Front groups to help create two shield walls”. Cesar can be seen in a number of photos and videos pointing and directing these shield walls, one being the same recently doxed WNC

shitbird **Christopher Pack** was a part of. Cesar was also originally named in the Charlottesville **lawsuit** filed after the Unite the Right rally under the pseudonym “Cesar Hess”.

**COMPLAINT FOR INJUNCTIVE AND
DECLARATORY RELIEF**

Cesar named in original Charlottesville lawsuit against 'Unite the Right' rally organizers and violence perpetrators.

Cesar directing orders to the shield wall at Unite the Right rally in Charlottesville, VA.

He moved from Colorado Springs to North Carolina, and has since lived in West Asheville until relocating to South Asheville with his partner Carrie Lynn Pierce, and his two kids from a former relationship. To our delight he has been terminated from his latest position as an electrician installing and servicing audio, visual and other electric systems in buildings in the surrounding AVL area. Through this work, Cesar gets to infiltrate within the local working class community via construction sites and specifically targets the Latinx community here in WNC.

Cesar is a big fan of podcasts, and was excited to be a guest speaker on The Right Voice Podcast, episode 98 on 3/21/2018, though to save you time, brain cells, extra throw-up feelings, note he doesn't come on the show until about 32 minutes in. Cesar talks about how he read Mein Kampf in middle school, and describes how at age 12-13 he and his family first moved to NYC from Venezuela. Cesar describes this as his "final red pill" stating it was the first time he was "surrounded by a multitude of negroes" and "never seen so many Jews in my life". There is a disgusting amount of detailed vile shit espoused by Cesar over the following 2+ hours, including his permission for antifa to dox him using one of his last names. We hope using all four of your legal names is still okay. From celebrating and wanting more killings of black immigrants, to talk of burning synagogues, calling Mexicans rapists, and boasts about tricking immigrant workers into seig heiling. This episode was particularly painful to the ears. The host and Cesar progressively drank alcohol and it was apparent as they continued to lose what little inhibitions or self respect they may have had in the beginning. The discussion throughout the poorly executed podcast episode was as problematic and horrible as one would assume, although, at the end we were able to more critically understand Cesar's dangerous ideology more accurately.

The Right Voice: Episode XCVIII (98) 3/21/18

April 01, 2018

Chris & Marie discuss current events, announce new words/phrases of the week, get into politics a bit, have a few laughs. **Special guest is Cesar Adolfo** Veteran and race realist, explains his interesting upbringing and awakening. A very interesting discussion!

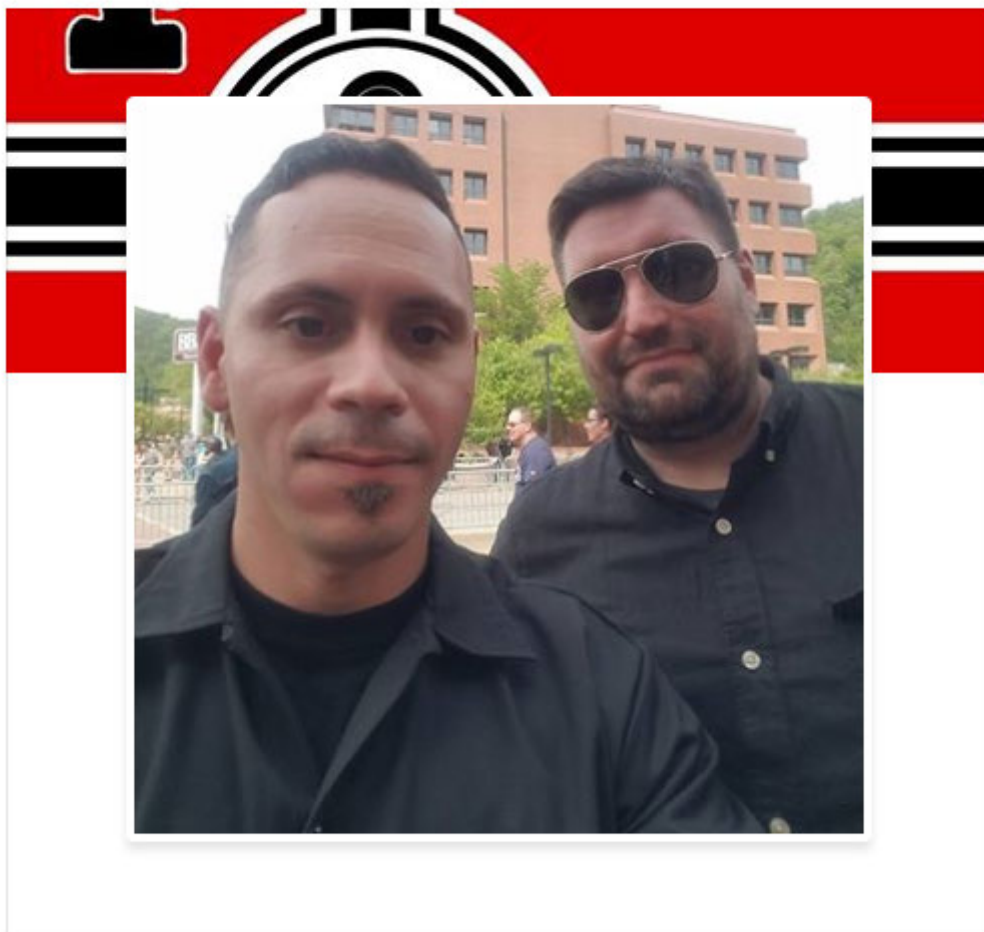

Cesar spends about two hours dribbling racist bullshit on Nazi podcast, The Right Voice. We intentionally did not link this here as to not spread their hatred from our platform.

Cesar is a particularly scummy nazi. He has an extremely complex narrative and manipulates it depending on who is around. For example, he has mentioned pulling the “brown card” and manipulating brown people around him to do things they wouldn’t normally do. With an extremely thick Venezuelan accent and brown skin, not only does it boggle the mind why Cesar would preach white supremacy but the fact that he is allowed in spaces founded on white supremacy is also perplexing while not unique as we have seen **people of color working with neo-nazis before** . It seems that Cesar has wedged himself into these groups as some sort of “exception” to the rule. No matter how confusing, hypocritical or backwards this freaky sack of shit’s narrative appears, it is important to remember that racism, at it’s core, is an idea. Ideas can be created, perpetuated and shared by anyone. Therefore, Cesar is no exception.

Let's not give this rotten slug a smile to hide behind, and reach out to each other to make sure we all know who Cesar really is and what he is really about. This public information has been compiled and delivered to you in order to share and inform with everyone! Do with it what you see fit, stay smart, remain careful, and don't give this actual asshole a **fucking inch** . Not in our communities, job sites, or homes. **Will not P will roast !**
